The Adventures of **PETER WHEAT**

All has been peaceful in the Wheat Fields and Woodlands for a long time ~ ~

The Wizard has been quiet and the Hornet Queen has been very friendly ~ ~

But one day when Peter is hauling a load of wheat, Dragonel stops him.

Greetings, Dragonel, Queen of the Hornets,

Hello, Peter, I bring bad news.

The Grand Wizard has killed my loyal guard, and his traitorous followers have driven me into the forest ~ ~ They plot now against you!

Then he's plotting
against the wheat
field again?

Hop aboard ~ We'll
rush to the village.

Even now he may
be on the march.

Fly, Mouse ~ fast as
you can.

Behold! Dragonel has
warned Peter Wheat!

They should
be stopped.

We may be in
time to set up
the defenses.

Fly straight through
the swamp and
head them off
as they round
the edge.

Needless to say,
capture them
if possible ~
~~but be
merciless.

Horns ~~~~ on the warpath!
~~I'll run ahead of them-
out of sight.

And if they are
after Peter Wheat,
I can warn him.

Look, Peter... it's
the Red Fox!

Peter! Dragonel!

Friends, the Hornets swarm
through the swamp ~~~
~~ they intend to capture
you, I've no doubt!

Here they come ~~~ Quickly
follow me ~~~ I know
a route they cannot use!

Fight them off
for just a
minute ~~

I'll not be recognized
with the flour paste
on my eyebrows and
the napkin over
my beard.

Inside, men ~ there's
no time to waste!

We're ready to take it
aloft, wizard ~~~ we'll
fly to a spot near the
wheat field castle.

Aye ~ Land out of sight and
hide ~ I'll go tell the
castle-guard about the
pie.

And when they carry the pie
inside the walls ~~~ then we'll
SURPRISE them!

Mother Goose sends it with her compliments ~ ~ ~ Ha! Ha! Ha!

We're back just in time ~
~ look at that pie!

Mother Goose has sent us a
pie of singing blackbirds ~ ~

Grab that baker, guard!
I'd know him anywhere,
it's the Grand Wizard!

Up, Hornets!
Now's our
chance!

Retreat to the Armory -- We cannot fight unarmed!

More Hornets are storming across the drawbridge!

To the Armory -- we need weapons -- Peter is knocked unconscious.

Here's the Armory -- but the Hornets are pouring through the window.

Here's a secret passage out of the castle.

I'll bar the door -- but we must hurry to escape with Peter -- they'll want his head.

Come, Beetle.

Where are we?
What happened,
Dragonel?

We're safe on the
outside of the secret
escape tunnel, Peter.

And back there lies our castle
overrun by the rascal wizard
and his band.

But not forever! We'll hide
in the forest now~~ But
there will come a day when
we will drive the Horriets out!
